4 DAY ORANGE RIVER TRIPS

The Orange River Gorge is the most spectacular and easy runnable white water section of the Orange River at the times of the year we operate.

Deep in the Kalahari, the river cuts through a moonscape of granite cliffs with the amazing Gariep Falls tumbling into the Orange River Gorge.

We run downriver over several days. Our Camp sites along the river are as unique as the experience.

The Highlight of the Orange River rafting trip will be the portage into the gorge itself – Once at the bottom of the Gorge we paddle a few meters up to where we see the Waterfall dropping into the Gorge itself.

Here we will abseil or lower everything in to the Gorge +/- 40 meters down to the River below the Waterfall.

The Orange River Gorge is a very remote destination and only accessible by foot or rafting – it is one of the most undisturbed sights you will ever witness. This experience will be one of the highlights of our expedition if not your life.

We will also spend some considerable time “monster fishing” and if you don’t know how to fish one of our experienced guides will assist you.

At night around a small contained fire we will look up at the stars and experience a sight unlike you have ever witnessed.

Our December School holiday trip has unfortunately been fully booked.

If your interested let us know and we will forward you the Information you need – Our Orange river rafting expedition experience will ensure you have memories for a life time. This is a must for any bucket list – we also cater for large groups and families and will adapt our itinerary to fit your needs and requirements.

HOTEL ADD ONS - OWN AN ADVENTURE SITE

We have assisted a number of Hotels, Game Farms and smaller establishments as well as consulted with a number of local government organizations on adventure tourism.

If you have a suitable site and would like us to assist you in adventure operations by identifying your needs vs your capabilities as well as our setup cost etc – Let us help you!

I started this business as I love adventure tourism and I have been in Tourism all my life from owning establishments to running tourism offices to creating unique products – I know every aspect of how this puzzle needs to be put together not just from the adventure perspective – and I LOVE IT.

We have a number of options from – consultation to full installation and management of the site to simply pointing you in the right direction.

Kind regards
